

TECHNICAL DATA SHEET **Biocidal Products Data**

The active ingredients in the following Prochem Biocidal products have been tested to be effective against the organisms listed, when diluted and applied according to the label directions.

D500 Microsan®

BACTERIA

Bacillus cereus	Legionella pneumophila	Salmonella enteritidis	Staphylococcus aureus
Bacillus stearothermophilus	Leuconostoc mesenteroides	Salmonella infantis	Staphylococcus aureus (MRSA)
Brevibacterium ammonigenes	Listeria monocytogenes	Salmonella manhattan	Staphylococcus epidermidis
Chlamydia psittaci	Micrococcus lysodeiticus	Salmonella newport	Streptococcus agalactiae
Cornibacterium diptheriae	Mycobacterium smegmatis	Salmonella panama	Streptococcus faecalis
Desulfovibrio desulfuricans	Mycobacterium tuberculosis	Salmonella paratyphi	Streptococcus faecalis (MRSF)
Enterobacter aerogenes	Proteus mirabilis	Salmonella schottmuelleri	Streptococcus pyrogenes
Enterobacter cloacae	Proteus vulgaris	Salmonella typhi	Yersinia enterocolitica
Enterococcus faecium	Pseudomonas aeruginosa	Salmonella typhimurium	
Escherichia coli	Pseudomonas fluorescens	Serratia marcescens	
Escherichia coli (MREC)	Salmonella abortus equi	Shigella dysenteriae	
Klebsiella pneumoniae	Salmonella choleraesuis	Shigella flexneri	
Klebsiella pneumoniae (MRKP)	Salmonella dublin	Shigella sonnei	

VIRUSES

Hepatitis B	HIV-1 (AIDS)	Rubella	Vaccinia
Herpes Simplex	Influenza		

B125 Clensan®

BACTERIA

Enterococcus hirae	Listeria monocytogenes	Pseudomonas aeruginosa	Staphylococcus aureus
Escherichia coli	Salmonella choleraesuis		

VIRUSES

Rota	Vaccinia		
------	----------	--	--

C264 Protect

BACTERIA

Escherichia coli	Listeria monocytogenes	Enterococcus hirae	Pseudomonas aeruginosa
Staphylococcus aureus	Salmonella choleraesuis		

A225 Contract Carpet Sanitiser

BACTERIA

Escherichia coli	Listeria monocytogenes	Enterococcus hirae	Pseudomonas aeruginosa
Staphylococcus aureus	Salmonella choleraesuis
